

Northern Illinois Spoonpluggers

Next Meeting April 1, 2015

Meetings will be held at the VFW in McHenry 3002 w. IL. Rt. 120 the first Wednesday of "Every month" 7:30pm-9:00pm April-December

Come join the Northern Illinois Spoonpluggers in kicking off another great year of Spoonplugging. The new VFW management has a great menu so bring your appetite. We look forward to having a raffle to kick things off and a talk on early season fishing. This year our goal is to do a better job of keeping the education on track. The club welcomes new members. If anyone knows of a potential Spoonplugger please invite them to the meeting.

Time to get on the water!

The ice is out and it's time to get on the water. Fishing natural lakes in Northern Illinois, Northern Indiana and Wisconsin in early spring can be tough. We can offset this problem by driving to Southern Illinois, Tennessee or Kentucky where the Bass are approaching prespawn. The water temps could be in the 50's. Many of these lakes have muskie and walleye and that ups our chances for success. We also have cooling lakes like Braidwood Lake and Lasalle Lake that have warmer water temps and lot's of fish. We don't need to wait for summer!

Catching fish in size and quantity whenever and wherever we decide to go fishing is what Spoonplugging is all about. So all we need to do is follow Buck Perry's guidelines and we will have the knowledge to be successful on most any day. Weather and Water permitting!

Please send fish pictures and stories to william.spoonplugger.lorch@gmail.com
