

Northern Illinois Spoonpluggers

Next Meeting August 5, 2015

Meetings will be held at the VFW in McHenry 3002 w. IL. Rt. 120 the first Wednesday of "Every month" 7:30pm-9:00pm April-December

July's Meeting

Members discussed the new Wisconsin Trolling Laws and how the Spoonplugger has less restrictions on his choice of Lakes in Wisconsin. Members also talked about some of the clearer lakes in our area like Lake Geneva in Southern Wisconsin. Lake Geneva has had a Musky stocking program for about five years now with good success. Word has it Muskies up to 38" have been caught already. The Gin clear water will still present somewhat of a problem for daytime Muskie anglers because there is lot's of 75 + feet of water out there and he ain't likely to be shallower than 24 feet very often or for too long, even on a good cloudy, hot and hazy day!

July's Attendee's Jim Taylor, Ted Malo, Bill Lorch, Chris Blatzhiem and Jerry Borst. The club also would like to welcome our newest members Jeff and Avis Fisher of McHenry. Jeff and Avis have been Spoonplugging for many years and fit right in at our meeting. We look forward to seeing them at future meetings.

Jerry Borst and Son Aaron, Chris Angsten and his friend Chrissy took a July trip to the Detroit River. Hard work and perseverance led these Spoonpluggers to a respectable catch. Reportedly things were a bit tougher than last year. Fighting the weeds and a five mile per hour current all day can tire a Spoonplugger out. These guys stuck it out and that is what this thing is all about. **"Not giving up"** Working the best features until the fish start moving. Great Job Guys!

Buck Sez "Most of the time fishing is tough and then it just gets tougher"
