

Northern Illinois Spoonpluggers

Meetings will be held at the VFW in McHenry 3002 W
IL Rt 120 the first Wednesday of "every month"
7:30pm-9:00pm April-December

It has been decided that it would be more cost
Efficient and Informative to print a newsletter every
other month. Your next newsletter will arrive in
September.

Please send photos for the newsletter!

The next meeting will be on the July 2, 2014

The topic of discussion will be fish movements in the
summer and how you and I should refine our deep
water presentations to catch those deep summer fish.

A special welcome to our newest member

Dick Niemann. Dick is a long time Spoonplugger
and has fished many lakes in Wisconsin and Illinois.
Dick has also fished with the best in Spoonplugging
Welcome aboard Dick!

Hope to see you all at the next meeting!

Please send fish pictures and stories to william.spoonplugger.lorch@gmail.com

Here's a few early season fish!

Auston Borst caught this healthy Brown Trout along with many others trolling the deep breaklines in Milwaukee Harbor. Jerry and Auston caught over twenty fish. There is good fishing to be had in the harbor in the colder months. Good Job Guys!

Don Dayton was out ice fishing on Lake Geneva last winter and caught this Smallie and this 14" crappie. That goes to show you that even when your ice fishing, you have to be in the right place at the right time fishing in the right manner. Good Job Don!

Here's a few close to home fish!

Bill and Mark went to a little lake in Southern Wisconsin for a few hours after work and caught a whole bunch of Northerns and a scrappy Largemouth Bass. They only had a few hours to make a catch so they laid out the structure by setting some markers and went to work on the weedline. The markers kept us out of the weeds and on the fish.

Buck Sez *Stay the heck out of the weeds!*

Madison, Wisconsin

Detroit River

Chris and Jerry went to the Michigan outing and brought along some friends to share in the fun. The Detroit River was on fire. The gang boated well over 80 muskies in 7 days. It looks like the great lakes Walleyes and the Muskies are doing well. Great Job Guys!
